

Minkwon Center Dreamers Scholarship Fund

The MinKwon Center for Community Action was established in 1984 to meet the needs and concerns of the Korean American community and has expanded its services to the Asian American community. Since our founding, we have made a profound presence in the Korean American community through various grassroots organizing, education, and advocacy initiatives that address important community issues, including immigration policies at the national, state and city levels. Since the early 2000's, the MinKwon Center has been organizing and assisting Asian American "Dreamers," undocumented youth and young adults who came to the United States as children. Through its advocacy efforts, the organization, along with hundreds of other immigrant rights groups across the nation, helped bring about the passage of the Deferred Action for Childhood Arrivals in 2012. However, as of September 5th, 2017, the Trump administration rescinded the program. Dreamers continue to face significant challenges as they attempt to further their education and start their careers. They are ineligible for federal financial aid and must often balance work and school to support their families.

In our continuing efforts to support, empower, and engage Asian American youth as the next generation of civic leaders, the MinKwon Center and its undocumented young adult organizing group, the Asian American Dreamers Collective (AADC), created the Dreamers' Scholarship Fund.

The Dreamers Scholarship Fund will award five (5) Dreamers a \$1,100 scholarship each. Funds are not exclusively required to be used for schooling costs, but may also be used for other necessary expenses such as immigration-related fees. You do not have to be a DACA recipient in order to apply. Eligible applicants will be:

- Undocumented Asian American immigrants residing in the greater New York City area
- At least 16 years old
- Committed to social justice and/or community service
